Health & Safety Information for The Sheraton Grand at Wild Horse Pass

- Currently, a mask mandate is in place by the Governor of Gila River Indian Community. All persons shall wear a protective face mask while in public areas regardless of vaccination status with the exceptions while you are eating/drinking or in your guest rooms. Hand sanitizer stations are throughout the resort.
- As part of Marriott International's family of brands, the Sheraton Grand has implemented a variety of new protocols, elevated practices, and standards of cleanliness. [Click here](#) to learn what to expect during your stay.
- Specifically, the Sheraton has increased the frequency of cleaning in public areas (restrooms, door handles, handrails, etc.). They have modified the housekeeping practices to minimize the number of times they enter a guestroom. Each guestroom is thoroughly disinfected between each guests stay.

Any changes to the local jurisdiction regulations will be posted here.
